The amendment proposes to strike a section from the annual report dealing with the Defense Waste Processing Facility at the Savannah River Site. The section is entirely factual and presents no findings or opinions, except perhaps one reference to an “expectation” regarding DOE’s actions. The statement is vague regarding whose expectation is being discussed, and I interpret it to mean DOE’s expectation. This makes the section entirely factual and appropriate for the annual report. I therefore disapprove.

The Annual Report to Congress should include activities by both the Board and the Board staff. This issue was raised last year and the authors made the distinction between Board and Board Staff. I see no reason to withhold information to Congress or the staff simply because the Board has not acted on it. The Agency is authorized and funded by Congress with taxpayer funds and we should be transparent as to how we are spending those funds.
