**Defense Nuclear Facilities Safety Board (DNFSB) Acting Chairman
Announces Oak Ridge Resident Inspector Assignment**

Washington, DC—Acting Chairman Hamilton is pleased to announce the assignment of Matthew Duncan to the position of DNFSB Oak Ridge Resident Inspector—primarily for the Y-12 National Security Complex—effective August 20, 2018.

Mr. Duncan has been a member of the Board's technical staff since 2000. Most recently, he served as the Supervisory Engineer for Engineering Analysis within the Nuclear Programs and Analysis group. Previously, Mr. Duncan was the technical staff lead for safety oversight of various design and construction projects and sites, such as Lawrence Livermore National Laboratory, Sandia National Laboratories, Transuranic Waste Facility, Uranium Processing Facility, Y-12 National Security Complex, NNSA tritium facilities at three sites, and the Salt Waste Processing Facility. Mr. Duncan has also served as a Resident Inspector at the Pantex Plant and Savannah River Site.

Mr. Duncan holds a B.S.E. in Chemical Engineering from the University of Michigan and an M.Eng. in Chemical Engineering from Princeton University.
