Washington, DC 20585-1000

Dear Mr. Dabbar:

We invite you to appear and provide testimony at a public hearing¹ on DOE's interface with the Defense Nuclear Facilities Safety Board at our Washington, D.C., headquarters. As the Board specifically desires your perspective, this invitation may not be delegated.

The format for this hearing will include time for you to respond to questions from Board Members. Please be prepared to discuss your perspective on the intended changes from the prior DOE interface manual to DOE Order 140.1, *Interface with the Defense Nuclear Facilities Safety Board*, including the Board's access to information, facilities, and personnel, as well as potential impacts to the Board's Resident Inspector program. The Board will post the agenda for the hearing on its web page, www.dnfsb.gov. We will keep you apprised of any agenda changes that may occur as preparations are finalized.

The Board looks forward to your participation. Please inform the Board by October 23, 2018, of your availability to participate on November 28, 29, or 30, 2018.
