

Proposed DNFSB Briefing Agenda

Subject: 2016 DOE Nuclear Criticality Safety Briefing

Date: August 30, 2016

Participants: Board Members

Dr. Jerry McKamy, DOE Staff, Presenter

Kevin Hahn, DOE Staff, Presenter

Dr. Robert Wilson, DOE Staff, Presenter

DOE, NNSA Staff

DNFSB Staff

Scope: Discuss the performance of DOE defense nuclear facilities with respect to nuclear criticality safety (NCS) including annual NCS performance metrics and compliance with applicable NCS requirements.

Objective: As discussed in Board Letter dated February 26, 2016, the objective of this annual briefing is to provide a briefing on complex-wide criticality safety issues, trends, and corrective actions with the goal of improving DOE's criticality safety programs.
